## Education

- 2016 - 2022      **Communication and Multimedia Design - Hogeschool van Amsterdam**  
Bachelor program focused on the designing, development and testing of digital interactive media. My thesis project was the UX design of a website on Visual Thinking. Co-organiser of the study trip in 2018 to Tel Aviv and winner of the best project of the course in 2018 and 2021.
- 2014 - 2015      **Mechinat BINA in Tel Aviv & Machon Leadership Training in Jerusalem**  
For ten months I participated in leadership programs in Tel Aviv and Jerusalem. The main parts were learning about Jewish history, doing volunteering work with refugees and the development of leadership skills.
- 2008 - 2014      **Het 4e Gymnasium in Amsterdam**  
In June 2014 I received my high school degree in the following subjects: maths, physics, chemistry, biology, economics, theatre, English, Dutch and Latin.

## Work experience

- 2021 - present      **WordPress development at Webfluencer Amsterdam**  
Webfluencer is a full service digital agency based. I am a developer responsible for building websites with WordPress, Elementor and JetEngine. Besides that I review and improve the designs of our UX designers based on user tests and feedback sessions with our clients.
- 2014 - 2021      **Board member and youth leader at Habonim-Dror beHolland**  
Coordinating the camps and weekends of my Jewish youth movement in the board year of 2015/2016. Besides that I was head of education in the board year of 2018/2019. The goal of the movement is to educate children to become conscious citizens that are involved with society.
- 2015 - 2019      **IT coordinator at the Liberal Jewish Congregation of Amsterdam**  
Responsible for the digital classrooms, the SMARTBoards, the laptops, the educational database and administrator of the G Suite for Education.
- 2009 - present      **Freelance web developer and filmmaker**  
People can hire me to make a website or a movie. In the past ten years I've made dozens of websites and movies.
